

	Position	Other Positions Held	Special District	Department	Total Wages
1.	Principal Scientist		Southern California Coastal Water Research Project Authority	Biogeochemistry	\$114,210
2.	Scientist		Southern California Coastal Water Research Project Authority	Biogeochemistry	\$72,738
3.	Senior Research Technician		Southern California Coastal Water Research Project Authority	Biogeochemistry	\$62,587
4.	Research Technician		Southern California Coastal Water Research Project Authority	Biogeochemistry	\$40,962
5.	Senior Scientist		Southern California Coastal Water Research Project Authority	Biogeochemistry	\$39,737
6.	Senior Scientist		Southern California Coastal Water Research Project Authority	Biogeochemistry	\$37,956
7.	Scientist		Southern California Coastal Water Research Project Authority	Biogeochemistry	\$36,059
8.	Scientist		Southern California Coastal Water Research Project Authority	Biogeochemistry	\$33,873
9.	Laboratory Assistant		Southern California Coastal Water Research Project Authority	Biogeochemistry	\$10,252
10.	Laboratory Assistant		Southern California Coastal Water Research Project Authority	Biogeochemistry	\$5,290
11.	Laboratory Assistant		Southern California Coastal Water Research Project Authority	Biogeochemistry	\$4,389
12.	Laboratory Assistant		Southern California Coastal Water Research Project Authority	Biogeochemistry	\$4,083

13.	Laboratory Assistant		Southern California Coastal Water Research Project Authority	Biogeochemistry	\$3,800
14.	Laboratory Assistant		Southern California Coastal Water Research Project Authority	Biogeochemistry	\$3,757
15.	Laboratory Assistant		Southern California Coastal Water Research Project Authority	Biogeochemistry	\$1,470
